

TABLE ROCK LAKE

SEPTEMBER 13 - 14, 2008

Written by Greg "Cuz" Shands

Well 9 boats showed up for what may go down as the most memorable Hawg Hawlers tournament in the history of the club. Hurricane Ike showed up Sunday morning to fish and boy did he catch a boat load, 6 boats to be exact. It would seem that the low profile of a bass boat was no match for the 3 to 4 foot waves that formed from the 60 plus mph winds. Terry, Bob and Lori had gotten up around 2:30 am and went down to check on the boats. Terry said you could hardly hang on to the railings due to the high winds and the waves coming over the dock. At that time only Dean Sullivan's boat was sinking but within minutes 4 more boats went down. To give you an idea how deep the water was Dean said he had a tackle box full of crank baits and a new gallon of oil float out of his boat. Jim Gross had a seat cushion float out of his. The only boat on the windy side of the dock that didn't go under was Greg Hoch's fish n ski. Greg's boat did have damage to the bow from hitting the dock as did Dean's boat. By daylight the storm had passed and the bucket brigade had all the boats floating up above the water. As the boats began to be trailered the sky began to clear and it looked like it was going to be a good day to fish. Needless to say the tournament was canceled.

Now about the fishing, Saturday did produce a few fish with Dean Sullivan and Dan Durbin finding 4 keepers to take the win. A lot of fish were reported caught but keepers were hard to find. A total of 12 keepers were brought to the scales.

Taking first place was Dean Sullivan and Dan Durbin with 4 fish weighing 9.83 pounds. Dean had 3 fish and Dan had 1.

Second Place went to Terry Stanek and Bob Treadway with 2 fish weighing 4.98 pounds. They each had 1 fish.

Third Place went to Greg and Andy Shands with 2 fish weighing 3.14 pounds. Andy had both fish.

Fourth Place went to Mike Jankowski and Ken Jones with 1 fish weighing 2.93 pounds.
Ken had the fish.

Big Bass was Ken Jones with his 2.93 pounder. I think he caught it on a jig.

Oh I almost forgot to mention about the largest rock ever weighed at a Hawg Hawlers Tournament. This honor goes to Terri Sullivan who brought in a 1.91 pounder. It was reported that the rock put up a real battle but Terri wore down the brute and managed to get it in the boat. Way To Go Terri!
