Jim Romaine & Jerry Husak set a new lake record weight on Table Rock of 42.05 pounds! They reported catching their fish up shallow on pink and white flukes. They were fishing clear water and saw almost every fish before the bite. For those of you who don't know, this is one of Jim's favorite baits and techniques to catch bass. On Saturday they had nearly 25 pounds of fish!

Congratulations Jim & Jerry!

Lake News

Table Rock Lake was on fire! Major League Fishing Pros were on the water and broke several weight records. Hawg Hawlers records were also broken. The top 3 places broke the previous lake record and brought in bags over 40 pounds! It was fun and exciting at the same time to see some of our heroes fishing on the same water as us. They proved just how amazing of a fishery Table Rock Lake has become! Nearly 700 pounds of bass were brought to the scales.

Jason Shaw managed to bring in a 7.26 pound Largemouth to the scales on Sunday that he caught on a topwater spook. This fish crushed Scott Phelps previous Table Rock Lake record big bass of 6.80lbs caught in 2003 and is very likely to take Big Bass of the Year!

A big thank you to King's Cove for the amazing breakfast and wonderful hospitality!

The majority of Bull Shoals Lake lies in Arkansas, however, there are over 4,000 acres of water to fish on the Missouri side. If you plan to fish on the Arkansas side you will only need a \$10 White River Border Lakes Permit in addition to your Missouri permit. It is about a 7 mile run to get down to the Arkansas border. Both states have a 15" limit on Largemouth and Smallmouth and a 12" limit on Spotted Bass.

The lake is a flood control lake and is currently about 20' high. Theodosia Resort indicated that they are equipped to handle the high water and their facilities are all open. They indicated a bass tournament launched out of there last weekend and the fish catch was very good (It took well over 20 pounds to win). Both the restaurant onsite and Marina will be open and are in excellent condition. The boat ramp may be closed since it is operated by the Corps of Engineers; however, there is another ramp less than a quarter mile away near the Highway 160 bridge that is always open.

Missouri Regulations

Bull Shoals Lake
Lakewide:
■ Black bass — 15" minimum length limit on largemouth and smallmouth bass;
12" minimum length limit on spotted bass

Arkansas Regulations

Bull Shoals (Marion, Baxter, Boone counties)
Crappie, black and white, combined daily limit is 15. Crappie shorter than 10 inches must be released immediately. Striped and hybrid bass combined daily limit is 3. Largemouth and smallmouth bass must be 15 inches or longer to keep. Spotted bass must be at least 12 inches long to keep. Largemouth, smallmouth and spotted bass combined daily limit is 6 (up to 6 may be smallmouth bass). Walleye must be at least 18 inches long to keep. Walleye daily limit is 4. Trout daily limit is 5. A trout permit is required to keep trout (Page 18). Legal to take game fish (except largemouth, smallmouth and spotted bass) with spear guns during season – see Page 10. The White River Border Lakes License entitles the holder to fish in the Missouri portion of Bull Shoals Lake without buying a Missouri nonresident license. See Page 19. Handicapped-accessible fishing pier is available at the Bull Shoals Recreation Area.
